

WIRE STRIPPER

3/30

GUIDETTI Wire Stripper mod. "3/30" has been designed to separate copper or aluminium parts from electric cables' sheath, handling different material sizes, including armoured cables.

Fitted with safety devices as per  regulations

TECHNICAL DATA

Overall dimensions: 450x530x500 mm

Electric motors: 0,5 Kw – 220 Volts

Weight: 50 Kg

Diameter of Electric cables: from 3 up to 30 mm

Cutting Capacity: 20 mt/min.

6/100

GUIDETTI Wire Stripper mod. "6/100" has been designed to separate copper or aluminium parts from electric cables' sheath, handling different material sizes, including armoured cables.

Fitted with safety devices as per  regulations

TECHNICAL DATA

Overall dimensions: 800x720x1240 mm

Electric motors: 2,2 Kw - 380 Volt

Weight: 185 Kg

Diameter of Electric cables: from 6 up to 100 mm

Cutting Capacity: 24 mt/min.
